## SPRING CLEANUP IS DEBATED

Ladies Given Use of Church Street School for Summer Term and Playgrounds; Civic Club Discusses the Garbage Question; Other News.

### Special to The Courier

MOUNT PLEASANT, May 4.—The council held their regular monthly session last evening, when Dr. Mary Marsh and Miss Alice Hite were present and asked what council had done about the garbage question. It was decided that on next Monday evening as many ladies as possible should meet the ordinance committee and the committee appointed to look after garbage at the office of Solicitor Eugene Warden. Jacob Varnier was refunded \$2 paid according to the ordinance for dance privileges while it was the custom to only charge \$3 after the ordinance were to be enforced. It was found that this must come to \$5 and a motion was also adopted asking that the burgess be given the privilege to charge only \$3 after this time. The ordinance was adopted that will prepare the council to issue bonds to the amount of \$20,000 for fire equipment, street improvement and the funding of \$2,000 of a floating indebtedness. The bonds to be 20-year 1 1/2% free of tax, each or any to be redeemable at option of the borough after 10 years in verse order of issue in denominations of \$500 each. The ordinance for the Bell Telephone Company was read over once. Bids were opened for the grading, curbing and paving of Washington street and Cherry avenue. The contract was awarded to E. J. Calver whose bid was \$2,055.82. The contract for the brick was let to the Layton Brick Company at \$7.35 a thousand. A motion was adopted that the health officer clean all places not cleaned as May 1, the day for the cleanup, live passed. A motion for the election of a policeman was lost. A motion was adopted to pay the fire truck driver \$65 a month. School board met in regular session last evening. Mrs. S. M. Kennedy and Mrs. J. S. Braddock, representing the Civic Club, appeared before the board and asked permission to use the Church street school building for a continuation of the school during the summer months, also requested that the school board help financially in the support of playgrounds. The use of the building was granted and the school board's proposition was held up for adjournment. The election of the teacher was deferred until a later meeting. The finance committee was instructed to prepare a budget of expenses for next year as a basis of reference.

The Westmoreland Auto Club held a meeting last evening and adjourned into session they adjourned next attended the council meeting, it was attended by the secretary to ask council if they passed North Church street to pay it with bonds, but the matter was not brought up.

The Ministerial Association held a meeting yesterday afternoon and had an excellent turnout. Rev. Kelso pastor of the Middle Presbyterian Church had a very good paper on "Studies in the Book of Ruth." It was decided that on May 20 there should be a general exchange of pulpits and no one would know where a certain minister would preach until they attended church.

The Civic Club held a meeting yesterday afternoon and discussed the garbage question and made some decision on the school and playground. The committee were not

## Corn Mad? Use "GETS-IT," It's Sure

Don't Waste Time "Hollering." "GETS-IT" World's Simplest Corn-Cure, Never Fails. Makes Corns Vanish Like Magic! A hard cap of skin makes up every corn. When you put two drops of "GETS-IT" on it, it shrivels up and comes right off—and there's your corn gone by the number. Simple as taking off your hat! That's why corns have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" salves, gouges, come out with knives, and then with scissors, make them bleed and then howl because they can't get rid of corns. Use "GETS-IT." There's nothing to do but apply two drops. The work is done. "GETS-IT" does the job. No pain, no fussing, no chafing, no stinging. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else. "GETS-IT" is sold by druggists everywhere. 25¢ a bottle, in some places by J. Lawrence & Co., Chicago. Sold in Connelville and recommended as the world's best corn cure by A. A. Clarke, Lehigh Drug Company. J. H. Herington and J. C. Moore—Adv.

ready to report so that there was much that could not be done that might have been disposed of at this time.

On next Monday evening in the First Baptist Church, Mr. Cheeseman and Miss Stephens who conducted the singing at the evangelistic services held in the water here, will give a free concert in the church with a view to establishing a singing school. Last evening about 7 o'clock there was a severe hailstorm passed over this section. The gardens that looked very pretty seemed to have been much cut by the hail.

## WEST SIDE WINS.

Defeats Lutherans 6 to 2 in Four Short Innings.

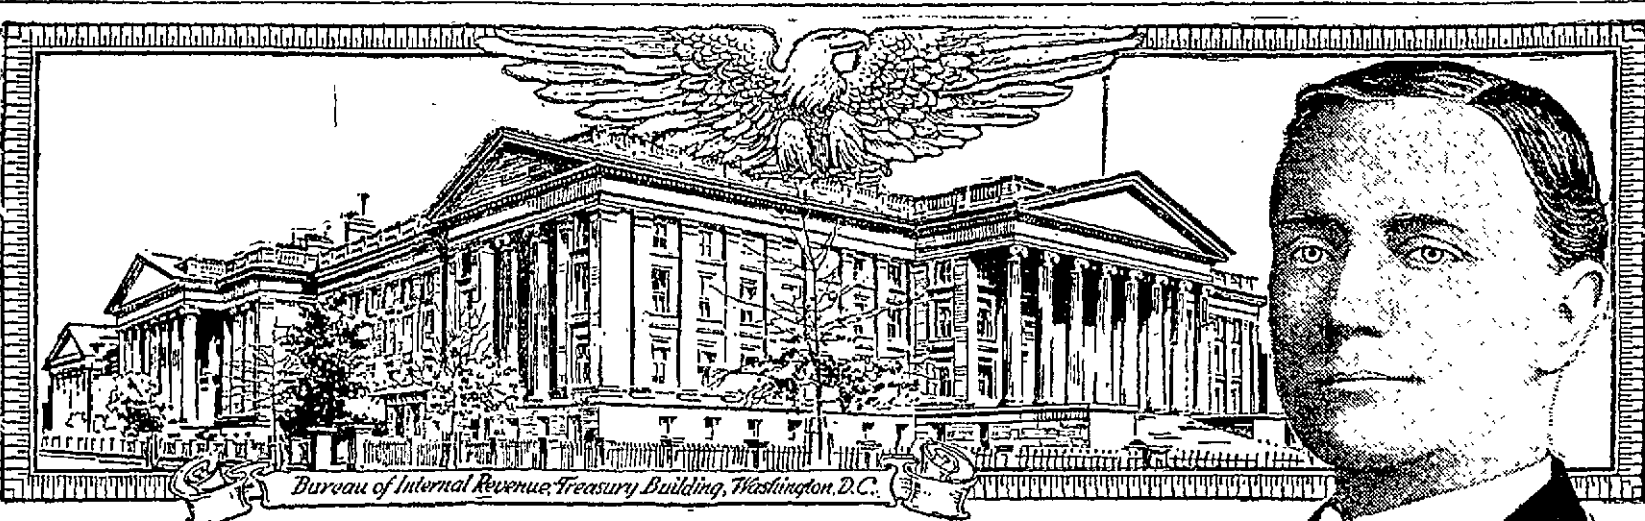

The West Side ball team took its first game from the Lutheran Sunday school team last evening on the athletic grounds on the West Side, by a score of 6 to 2. Only a few innings game was played, rain and darkness making it necessary to stop at the close of the fourth.

The West Siders showed up good in their field work, and Strawn, pitching for the Lutherans, only lost the game on account of poor support. The score stood 2 to 0 until the last inning in favor of the Lutherans but as the windup the West Side worked hard with the stick and before they could be stopped six runs had been knocked in. Detweiler twirled for the West Side.

## "The Best Tobacco Made"

Emphatic Statement by an Eminent Authority—Pipe-smokers, Read what John G. Capers Has to Say

"When I was Commissioner of Internal Revenue under Presidents Roosevelt's and Taft's Administrations, I had a great deal to do with tobacco. In the collection of millions of dollars of tax I came intimately into contact with the whole business. Tuxedo I consider the best tobacco made. I smoke it myself and find it soothing and restful, mild, fragrant and non-irritating to the throat."

John G. Capers

Mr. Smoker, that's evidence straight from an authority that Tuxedo is the top-notch smoke of them all. The tobacco that a famous Internal Revenue Commissioner chooses for his own smoke because he considers it the best tobacco made.

And remember this, men:—that's picking Tuxedo from a mighty big field; for between you and us the account sheet, the Government collects \$100,000,000 a year in revenues from tobaccos.

Mr. Capers is now a prominent and successful practicing lawyer in Washington, D. C., and we are glad to

include his name in Tuxedo's great list of friends. It's the same old story everywhere Tuxedo is tried: *Quality tells.*

Don't quarrel with your pipe and don't quarrel with your tongue. Take your tobacco troubles to good old Tuxedo!

Your pipe'll be sweet and your tongue'll be sound if you smoke Tuxedo. Tuxedo can't bite or blister. That's all taken out by the famous "Tuxedo Process"—the original process which the other brands like so well that they try to imitate it.

And you'll find the Internal Revenue Commissioner absolutely right as to Tuxedo's quality.

## The Colonial

## GARY DESLYN

At the Colonial tonight is being exhibited one of the most original and novel screen subjects ever offered in the phenomenal history of the film. Gary Deslyn, the internationally famous star, in a unique photoplay entitled "Her Triumph," produced in France by the Eclair Company and released on the Paramount program.

The subject was originated and adapted to the screen solely for the lovely Deslyn, whose talents it has perfectly. Gary entered with a perfect knowledge of the subject, and it is said that the film when completed was adequate proof that the enormous sum expended for the celebrated beauty's services was wisely spent.

"Her Triumph" contains some of Gary's most world-renowned dances, interwoven with a tense, dramatic plot that holds the interest from the first flash to the stirring climax. The drama at first shows Gary as a humble chorus girl in Paris, whose intelligence and eagerness are noticed by her manager, who makes her understand to the great Miss Simonde, a famous and very jealous leading lady. Simonde, who is in love with the leading man, Claude Desvieux, notices her attention to Gary, believes that he has fallen in love with her, and tries to have her ejected from the company. Falling in this, Simonde remains, which gives the audience Gary the chance she has so long awaited, and she comes on in Simonde's place. Her performance that night is so splendid that Simonde, who has come to witness her under study's failure, is so struck by her triumph that she gives a revolver to her, and she attempts to kill her rival. But the bullet intended for Gary falls instead Claude Desvieux, her dancing partner, who, however, is only slightly wounded, and Simonde, baffled and furious, is forced to read in the morning papers of her under study's wonderful hit of the preceding night. Still more avid for revenge, Miss Simonde plans a terrible downfall for Gary, and promises to let her own lover, to wed him, if he succeeds in ruining the popularity of Gary as a dancer. For a time it seems that Victor's malicious plot will be successful.

## MONEY IN SIGHT FOR GOOD ROADS

Anthracite Tonnage Tax is Now on Calendar.

OVER TWO MILLIONS FOR STATE

Mothers' Pension Bill Now in Appropriation Committee After Passing House and Two Readings in Senate. Good Roads Day on May 26 Expected to Stir Highway Advocates to Great Activity.

Harrisburg, May 4.—Before the session of 1915 draws to a close, Governor Brumbaugh, because of action taken by the house last week, and which will be followed up this week by the senate, will shortly have on his desk a new revenue measure—the Dawson anthracite tonnage tax bill.

The Dawson bill provides that a tax of 2½ per cent on the market value of anthracite shall be levied on every ton of hard coal mined or washed. Fifty per cent of this tax is to go to the state to be used exclusively in the construction and maintenance of state highways. The remaining 50 per cent is to be returned to the municipalities where anthracite is mined.

This tax alone will raise approximately \$5,000,000 annually. And so that the coal companies shall not proceed to put the tax on the consumer, as was done two years ago when the money act was passed, Governor Brumbaugh has asked the legislature

to pass a resolution calling for the appointment of a commission to probe the increase in the retail rates on anthracite. Members of the house and senate from the rural districts look with favor on the Dawson bill, since it means much for their districts in the way of new roads.

Representative Dawson, of Scranton, sponsor of the bill, is one of the youngest men in the house. A few years ago he was secretary of a miners' local union. Today he is a successful coal operator. With Dawson leading the fight in the house, and Senator Catlin, from the biggest anthracite producing county, Luzerne, in charge of the bill in the senate, its early passage is assured.

Governor Brumbaugh was at first inclined to believe that the state should receive 60 per cent of the coal tax. Protocols made by the people of the anthracite counties, backed up by their legislators, and the subsequent action of the ways and means committee in favoring a "fifty-fifty" distribution of the revenue, will, it is believed, prompt the governor to accept the bill in its present form.

Another measure of state-wide importance that made much progress the past few days is the mothers' pension bill introduced by Representative Vickerman, of Allegheny. It carries an appropriation of \$800,000. Because of a scarcity of funds, this amount may have to be pruned some when it gets to the governor. However, it is certain that a substantial amount will be available for this commendable purpose the coming two years.

Under the Vickerman bill the money will be distributed to the various counties, based on the population. There is one condition: the state shall appropriate the money only after the county has agreed to subscribe a similar amount. The pensions for widows would be based on the number of children in the family. The monthly allowances vary from \$12 to \$30.

When a county elects to accept the provisions of the mothers' pension bill, Governor Brumbaugh will proceed to name a board of managers, all women, for the handling and distribution of the pension money. A bill along this line passed in the session of 1913, and is already in operation in a number of counties. It has proved a big success and has aided materially in bringing succor and relief to many poor families that had lost their breadwinners through illness or accident in the mines and industrial plants of the state.

Governor Brumbaugh is evincing a lot of interest in the statewide "Good Roads Day." May 26 is the date selected. On that day, all over the state, officials and laymen interested in good roads are to jump right in and do their share towards improving the highways in their immediate neighborhoods.

Robert J. Cunningham, new head of the highway department, will see to it that his department shall render all aid possible in the way of providing tools and other equipment for the use of the good roads associations formed in many counties. Thirty-eight of the sixty-seven counties of Pennsylvania have organized along these lines.

Governor Brumbaugh, at this season, may not press his plan to consolidate all of the state departments intimately associated with the natural resources of the state, such as the forestry department, game and fisheries and the water supply commission.

Nothing would please the governor better than to see the employees of these several departments working under one head, but it has been pointed out that just now the time is not opportune for such a radical departure in the management of such an important part of the state's business.

However, Governor Brumbaugh will expect of the heads of the departments hearty co-operation in case of emergency, such as in the fighting of forest fires, getting the forest rangers, game and fish wardens and the state police in action, recently did much to put a stop to the fires that were devastating the forests of Pennsylvania.

Man's rank's his power to uplift. George MacDonald.

(Continued from Page One)

Prins Foley and Irene Sisson worked daily throughout the year, substituting, studying methods, doing personal work with backward pupils, and attending to the needs of the school. Several of the members felt a moral obligation to vote for these young women for regular places in view of their interest in the Connellsville schools. Miss Sisson was not an applicant. Others felt that no such obligation existed. It took eight ballots before Miss Foley and Miss Sisson were finally elected. Miss Foley's salary was fixed at \$15 a month and it was stipulated that she is to take a summer course before beginning her teaching. The teachers' training department is to be continued, that is, three high school graduates are to be given the opportunity for doing teacher training work, with the understanding that they will receive no preference over other applicants when teachers are elected next year from now.

Salaries of all teachers and janitors were fixed at the same as last year. Even in the high school, it was stipulated, there will be no increase. In those times of depression, directors stated teachers should understand that increases are impossible. A temporary loan to pay teachers salaries on Friday was offered to be negotiated. About \$1,900 will be necessary.

All janitors were re-elected. As was Russell Sullivan, as janitor, officer E. C. Miner and L. K. Miller were named school census enumerators. Miss Camilla Munk was re-elected secretary.

After accepting the resignation of Charles H. Baker, the board unanimously elected J. W. McCallen to fill the vacancy. This makes four of the seven members of the board residents of the South Side.

The finance committee was directed to report on the settlement of the Miller divorce at its next meeting and to place on a number of requests for extension from this.

The following is the detailed list of estimated expenditures for the school year:

Teachers' salaries	\$12,000.00
Janitors' salaries	1,000.00
Light and water	1,000.00
Transportation	1,000.00
Food	1,000.00
Building supplies	1,000.00
School supplies	1,000.00
Text books	1,000.00
Janitors' salaries	1,000.00
Utilities	1,000.00
Repairs	1,000.00
Contingencies	1,000.00
<b>Total</b>	<b>\$25,000.00</b>

A request from Mrs. Elizabeth Carroll for the use of one of the West Side school rooms for a Sunday school was refused, because the board felt that granting one of these requests would bring about a flood of other applicants for similar privileges.

It was decided to contribute a quantity of yellow preserves, etc., made by the domestic science pupils for the purpose of exhibit in the State Fair.

L. J. Shaw, J. B. Davidson and R. K. Galt were named a committee on athletics to supervise high school sports and to provide an athletic field. The following is the list of approved teachers:

Grade One—Berle Sanders, Violeta Howard, Edith Galt, Lulu Carroll, Jesse Barr, Lillian Edmonds, Sara Moore, Lorraine Cavender, Frances Cameron.

Grade Two—Ruth Barr, Agnes O'Donovan, Ada Edwards, Mary Parkhill, Elizabeth Thomas, Ruth Davidson, Naomi Rosenblatt, Mae Traynor, Madeline Cummings.

Grade Three—Sadie Rae Hawk, Mildred Hicks, Mabel Stillwagon, Hazel Weber, Julia Linton, Ivy Mason, Beatrice Patterson.

Grade Four—Anna Laffey, Myrtle McElroy, Winnie Harrison, Mary Thomas, Gladys Rhodes, Anna Horner.

Grade Five—Edith Morton, Eva Wilson, Mae Gibson, Frances Rhodes, Margaret Jean Bell, Hattie Hoyle.

Grade Six—Katherine Francis, Edith Davis, Belle Bowden, Ida Stillwagon, Grace Seven, Lillian Edmonds, Ethel Buckingham, Grace Adams.

Grade Eight—Helen Gibson, Mabel Golden.

High School—W. H. Seawright.

## KIDNEY TROUBLE OFTEN CAUSES NERVOUSNESS AND HEART TROUBLE

Two years ago I was badly run down, not able to do any work; suffered from nervousness, heart trouble, kidney and bladder in bad shape; no appetite, unable to do any work; and since using six bottles of Dr. Kilmor's Swamp-Root, I feel fine, am in excellent health and can do almost any kind of light work. Since using the Swamp-Root I have been relieved of all the above troubles. I cheerfully give the above testimony, and hope others may be benefited.

Very truly yours,  
J. L. DICKSON,

SHADOW LACE AND NET.  
A very simple little frock of shadow lace, as desired for the little girl is shown here. This is made of lace edging four inches in width and joined to form the body of the frock. The front is occupied by a panel of tucked net, the panel being bordered with scalloped and pleated edged ruffling of net which also finishes the bottom of the skirt and outlines the neck. The giraffe is the usual ribbon affair, knotted at the front in imitation of roses.
